

## 2024 Michigan Genealogical Council Fall Family History Event

(in partnership with Archives of Michigan and Library of Michigan\*)

Featuring **Angie Bush, MS**

Saturday, November 16, 2024, from 9 am to 4 pm  
at the Michigan Library and Historical Center  
702 W. Kalamazoo, Lansing MI

In-person or virtual on Zoom

Angie Bush, MS will be our speaker. Angie is a Genetic Genealogist Researcher with Ancestry ProGenealogists in Salt Lake City. Angie has been interested in her genealogy since she was very young. After college, she spent several years working in biotech while continuing to pursue her genealogy hobby. With the growing popularity and introduction of autosomal DNA testing in 2012, she decided to combine her two loves into one career. Although she spends a lot of time working on recent unknown parentage cases (adoptions, unknown fathers), her favorite type of research to do involves solving decades old “brick- walls” using a combination traditional records and genetic evidence.
