An important part in keeping our Society active
in its part of preserving history and family
genealogical records is working on several
ongoing projects.

We are collecting newspaper articles, photos,
stories of local businesses, events, family
memories and deceased Military Veterans
pertaining to Emmet County.

Genealogy is a legacy of family treasurers:
our ancestors,
and a gift of love to our families.

OUR MISSION STATEMENT ...

The Emmet County Genealogical Society is a
non-profit organization dedicated to promot-
ing and encouraging interest in the research
of family and local history, collecting and pre-
serving historical and genealogical records for
posterity, and promoting the exchange of
knowledge of research sources and methods.

ONGOING PROJECTS ...

Our Military project is locating all deceased
Veterans who had any connection or relationship
with Emmet County. Our goal is to honor all our
Veterans with a short written account of each
Veteran's life, along with information on their
Military service.

The Petoskey History and Regional History
projects are in progress with newspaper clippings,
pictures, articles & stories about our pioneers, past
era women & business people who helped with
developing our towns.

The Family History/Memoir project is also in
progress. We welcome any family histories,
memoirs or obituaries of your loved ones.

All our projects are being transcribed, copied and
put into binders. This is an ongoing project and
new material will be added frequently.

If anyone has any knowledge of these projects or
would like to donate any information, please
contact the ECGS. Your help would be greatly
appreciated.
